

POWER CADDY

1 gallon of aqueous ozone
per minute from 12 gallon tank

Sustainability Meets Performance

HOW IT WORKS

- No-touch cleaning machine with onboard on demand aqueous ozone cleaning solution creation*
- Fill reservoir with tap water & plug unit in*
- Use high pressure spray tip for tougher areas*
- Switch to ozone nozzle for sanitization*
- Pull spray gun trigger, device utilizes air + water to create Pure Aqueous Ozone*
- Switch to powerful vacuum system mode with over 140" lift debris & extraction*
- Converts into a carpet extractor for spots and stains*

- ✓ Recognized by the FDA & EPA

BENEFITS

- ✓ Reduce chemical usage up to 90%
- ✓ Reduce risk of misuse or mishandling of toxic chemicals
- ✓ Simplify operations with a single non-toxic solution
- ✓ Eliminate most safety data sheets
- ✓ Cleans, sanitizes & deodorizes all in one
- ✓ Reduce emissions and achieve sustainability goals
- ✓ Smaller profile with accordion style extraction hose

Our Patented NANO BUBBLE DIFFERENCE

At 1/500th the size of traditional aqueous ozone bubbles, our solution is less buoyant and which improves complete surface penetration
